PROFILE

Highly motivated and professional BCA student with a keen interest in Web3 and Full Stack Development. Currently interning as a MERN Stack Developer at SinQlarity, where I apply my theoretical knowledge to real-world challenges.

SKILLS

JavaScript, TypeScript, React.js, Node.js, Express.js, MongoDB, HTML5, CSS3, Git, JIRA, Postman, Agile Methodologies.

WORK EXPERIENCE

Web Developement Intern, Tri-Web Genesis Pvt. Ltd.   🐙 🔗   **May 2024 - Present**

- Develop and maintain web applications using the MERN stack, focusing on scalable and efficient code.
- Collaborate with the development team to build user-friendly interfaces and optimize backend functionality, ensuring a seamless user experience.
- Implement RESTful APIs and ensure seamless integration with the frontend.
- Gain hands-on experience in web development, including problem-solving, deploying applications, and enhancing user experiences.
- Work within an Agile development framework, leveraging tools like Jira to plan, track, and manage the development lifecycle effectively.

PROJECTS

- **QuizCraft - Quiz Manager Application**   🐙 🔗
  - Contributed to a full-stack quiz management application, forked from a public repository and enhanced through additional features and design improvements.
  - Used the MERN stack and TypeScript to implement Authentication/Authorization and CRUD operations.
  - Designed an intuitive and responsive frontend interface using Canva for styling and layouts.
  - Integrated secure user authentication and role-based authorization.
  - Implemented quiz-related features such as creating, updating, deleting, and publishing quizzes.

- **Tic-Tac-Toe Game**   🐙 🔗
  - Developed an interactive Tic-Tac-Toe game using React.js with a focus on modular components.
  - Implemented game logic for detecting winning combinations.
  - Enhanced the UI with custom CSS for an engaging look and feel.
